

Post-Surgical & Active Recovery Bra and Binder

Compression: High to Medium

- Operating room ready: flat lay, eliminates or minimizes additional foam/padding & dressings – for use across a multitude of procedures
- Targeted, mapped full coverage compression
- Versatile breast form pockets
- Seamless weave, underwire free technology
- Adjustable and padded shoulder strap
- Two g-hooks, bottom band & center mass, for easy zip
- Axillary and rear full coverage compression
- Minimal SKU's for ordering & restocking
- Front lock zip
- Easy care: machine wash & tumble dry
- Body friendly: 24/7 wearability – easy to size & fit
- Antibacterial

HUGGER EXTENDER

Need more room?

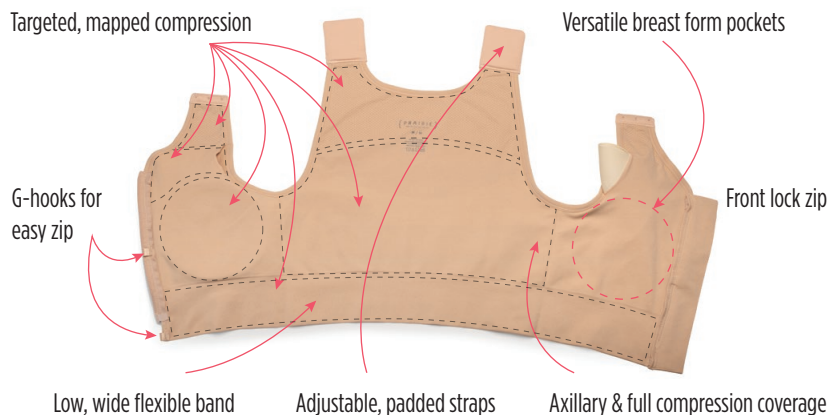

- Easy Zip into your Hugger PRIMA to moderate the full compression
- Maintains excellent but moderated compression for extended 24/7 use

HuggerPRIMA is appropriate for:

- Nipple Sparing Mastectomy with Reconstruction
- Partial Mastectomy with Lift Reduction
- Augmentation Mammoplasty
- Skin Sparing Mastectomy with Reconstruction
- Simple Mastectomy
- Gynecomastia
- Mastopexy
- Breast Reduction
- Physical Therapy
- Axillary Surgery including complete Axillary Dissection
- Latissimus Flap Reconstruction
- Partial Mastectomy/Lumpectomy
- Truncal Lymphedema

The HuggerPRIMA has been thoroughly evaluated by our bra lab guru and, most importantly by Surgeons, Physical Therapists, Certified Medical Fitters and their Patients to ensure that we have designed an innovative, effective and affordable post-surgical and active recovery bra & binder.
